

## WHAT ARE NEVE MICHAEL'S FAMILY UNITS?

What makes Neve Michael truly unique is its family units. Rather than live in dorms, the children are assigned to family units to provide them with the love, support, and stability lacking in their young lives. These units consist of a married family and Neve Michael children. They live together so that the village boys and girls can learn what a healthy, loving, functioning family really is.

Through modeling, along with intense therapy and education, the children of Neve Michael learn how to build healthy relationships that will impact them for the rest of their lives.

*Perach (back row 3rd from left), her children and her assistant.*

# PENNIES FOR Perach

## MAKING EVERY PENNY COUNT

*Pennies for Perach will be run throughout Canada aimed at children of all ages. The program is designed to collect pennies, which the Canadian government is no longer minting and make them useful! (Of course we will take larger denominations)*

### Where are your pennies going?

Proceeds from the program will go to help Perach's kids at NEVE MICHAEL CHILDREN'S VILLAGE, in Pardes Chana.

### Who is Perach?

Perach is a Mother in a family unit at Neve Michael. What makes Perach unique is that she is responsible for the children who have no home outside of the Village. The courts have removed all these children permanently from their homes. The village provides all the basic necessities the children need. However, Perach is a mother to these children in every sense of the word. She goes above and beyond the basics and treats these children as her own.

Aside from her own 4 children ranging in ages from 2-11, Perach has 10 other children from the village.

**Through Pennies for Perach money will be raised for Perach, her children, and their future. Your pennies will make a difference!**
